## Why EmERGE?

As a vital component of its mission, the University of Missouri (MU) Graduate School works to increase the representation of underserved and underrepresented segments of the population in graduate study.

The MU Graduate School dedicates itself to providing the intellectual stimulation that comes from a diverse campus community, which ultimately contributes to a higher level of informed academic inquiry at the University and beyond.

In keeping with these aims, we invite prospective graduate students with a serious interest in enrolling at MU to apply for a spot in EmERGE, our Graduate School preview weekend, held October 17-20, 2012.

Participants will have an opportunity to explore the benefits of continuing their educational pursuits at MU during this fun and informative weekend in Columbia.

**Applications and recommendations for the program must be received by 5 p.m. Central Standard Time on September 28, 2012.**

Space for the weekend is limited, so the Graduate School particularly seeks to invite students who will contribute to EmERGE, and eventually the University community, through their informed perspective and dedication to scholarship.

Deadline: September 28, 2012
